

## PE and Sport Premium Funding

### **What is the PE and Sports Premium?**

Following the London 2012 Olympic and Paralympic Games, the Government made the decision to provide funding for schools to secure a significant and lasting legacy for the children. The PE and Sport Premium is designed to help primary schools improve the quality of the PE and sport activities they offer their pupils.

The aim is to develop an enjoyment of sport and physical activity, and to promote a healthy lifestyle in children from an early age. Schools receive Physical Education (PE) and Sport Premium funding based on the number of pupils in years 1 to 6.

How can the PE and Sports Premium be spent?

Schools must spend the additional funding on improving their provision of PE and sport, but have the freedom to choose how they do this. This might include:

- Signing up to the Slough School Sport Network
- Resources and equipment
- Electronic tablets which are used for assessment
- CPD
- Transport to competitions

## How do we plan to use the PE and Sports Premium in 2016/17?

We expect to receive funding of £10,500 during the academic year. We plan to spend to it as detailed below:

Provision	Planned Expenditure	Desired impact	How will we measure the impact
Signed up to be part of the Slough Sports network	£3040	WHA pupils will benefit from the opportunities provided by the network, most at no additional cost.  Access to a range of sports activities for all pupils whatever their abilities or financial means.	All pupils participating will be registered and the profile of the activity monitored in terms of access for pupil premium pupils, disability and gender.
Resources and equipment	£1200	Ensure that the quality of resources and equipment is maintained to support a high level of attainment and progress.	Richard Beckett checks the equipment often to make sure it is well looked after and used regularly.  Quality in PE delivery throughout the school and this will be observed by SLT
Saturday Sports Club	£1500	This will enable children to become fitter and specialise in a given sport. This will be open to all children and the gifted sportsmen/women	Monitor all children who attend to see if enjoyment of sport is evident and excelling in sports.
Travel to SSSN & federation competitions	£3500	The children will have the opportunity to participate in tournaments across Slough and The Park Federation. This will help to maintain the high level of attainment at WHA.	Monitor how many children access sport through the SSSN & federation competitions.
Coaching Courses	£1000	Better planning and quality of lessons for all young people.	WHA will review how many children are accessing each sports and SLT will check the quality of the planning.
Certificates, medals, stickers and engraving	£260	Getting children excited about living a healthy lifestyle.	WHA will monitor how many certificates, medals and stickers are being used.

## Impact of the PE and Sports Premium in 2015/16

Provision	Impact
Signed up to be part of the Slough Sports Network (SSSN)	WHA was able to compete in many competitions with 142 children from years 1-6 taking part in competitive sport through the network. We were also able to offer CPD courses to teachers in Real PE, Real gym, athletics, cricket & hockey which has helped enhance their understanding for primary school sports.
Resources and equipment	We were able to offer fun, exciting and engaging lessons for the children with new equipment and by topping up older stock. This also enabled both the PE department and classroom teachers to access good quality equipment for lessons to go on simultaneously.
Portable White boards	The white boards have had a huge impact during lessons at WHA where the children have been able to refer back to the board for the success criteria or different layers for the lessons and activities as well as writing special mentions for the lesson for children showing good work and attitudes.
Teachers courses	WHA was able to send both sports coaches on separate sports qualifications to enhance their knowledge in sport. As part of this the school was able to come runners up in year 3 & 4 tennis and win the year 5 & 6 tennis competitions in Slough. Also WHA has now started its own Slough tag rugby league due to coaches skills learnt in the course.
Travel to Federation & Slough competitions & cover.	Travelling by mini bus has helped WHA take part in a number of competitions both in Slough and in The Park Federation and has given children at WHA many opportunities to work on their social, personal, creative and cognitive skills as well as understanding why it is important to lead a fit and healthy lifestyle.
Soft play equipment for nursery	<p>Children within the Nursery were identified as not wanting to go outside and engage with the outside curriculum.</p> <p>Soft Play was purchased so the children could still develop their gross motor skills inside. This was an area that needed to be developed due to high obesity and premature birth rates in Slough.</p> <p>This contributed to Physical Development being one of the highest performing areas in Nursery for our PPG children.</p>

Western House Academy (WHA) had a hugely successful year in 15-16 where we achieved The Gold Kite Mark in Sport. WHA now has 2 full time Sport Coaches who are highly trained and skilled. The children had access to more sports and competitions than ever before. The academy won many of the competitions and represented Slough at the Berkshire games.

In 2015-2016, 136 children at WHA took part in 14 different sports clubs and competitions.

WHA prides itself on the amount of children who access sports whether being in clubs, teams, playground games or leadership roles.
