

WHA Year 4 2016/17 Charity:

At the start of this academic year, the children (in all three Year 4 classes) voted on which charity they will be supporting throughout the year. The vote was very close indeed, nevertheless, *Rays of Sunshine Children's Charity* came out on top.

When the children were asked why they had voted for this charity, the responses were very moving. They all expressed enormous amounts of empathy towards children who are living with serious and/or life-threatening illnesses and unanimously agreed that each of these children should at least have one day that thoroughly amazes them . . . A day that they wouldn't forget!

So now their thinking caps are on and they'll be designing fun ways to raise money for this most worthy charity. Their wonderful ideas will be collected and you'll be informed in the near future about our exciting events.
